## **The Sadhana of Vajravega, the King of Wrath** **Composed by Pen chen Tempee Nyima**

*[First take refuge and generate Bodhicitta]*

From within the sphere of emptiness, in the center of a vajra fence appears the mantra

OM PAM VISHVA VAJRA PADMA KURU KURU SOHA

From its center, on a sun cushion appears

OM RA VAJRA SURYA VAJRA SURYA ASANAM KURU KURU SOHA

Upon this, from a HUM arises a black five-spoke vajra, which transforms into myself, the Fierce and Powerful Vajravega, in color of an end-of-the-universe cloud, with four faces, six shoulders, twelve upper arms and twenty-six forearms. The right, left and middle necks are respectively red, white and black. The front face is black, the right face is red, the left face is white and the back face is yellow. Each face has three red eyes. The hair is orange and bristling. On the right and on the left – the first shoulders are black, the second red, and the third white; the first two upper arms are black, the second two are red and the third two are white; four forearms are black, four are red and four are white. The thumb of each hand is yellow, the forefinger is white, the middle finger is red, the ring finger is black and the little finger is green. The first joint of each finger is black, the second is red and the third is white. The 12 right hands holding respectively a wrathful vajra, a sword, a trident, a curved knife, an arrow, a vajra hook, a damaru, a hammer, a wheel, a spear, a staff and an axe. The 12 left hands holding a bell, a shield, a khatanga, a skull-cup full of blood, a bow, a lasso, a jewel, a lotus, a conch, a mirror, a vajra iron chain and the head of four-face Brahma. The right remaining forearm is black and the left yellow, in the terrifying mudra and holding an elephant skin that covers the back, as well as demon head and skull-cup full of blood. The left leg is bent and the right outstretched and squashing the hearts of the king of the hungry ghosts, Mara and Kleshe. The Naga King Jaya Nagendra is interwoven in the matted hair. Vijaya Nagendra adorns the diadem at the forehead; Karkota and Padma decorate the ear ornaments. The bracelets are adorned with the Naga Kings Vasuki and Shankhapala, the necklaces with Kulika, the belt with Ananta, the anklets with Takshaka and Mahapadma. A rosary of a hundred families' demon heads hanging from the shoulders and a five-skull crown adorns the head. Blazing fire surrounds me.

From the HUM on the sun mandala at the heart light rays emanate, bringing forth the Wisdom Beings similar to myself with  
VAJRA SAMAJA JA HUM BAM HO HI.

At the forehead is an OM, at the throat an AH, at the heart a HUM, at the navel a HO, at the ushnisha a HAM, at the secret place a KSHA. From the HUM at my heart light rays emanate, inviting the Empowering Deities, the Victorious Fathers and Mothers, from the ten directions.

OM VAJRA GANDAM PRATITSA NAMA

*[Like that, from the place of GANDAM, offerings arise and are offered]*

PUSHPAM DHUPAM DIPAM NAVIDAM AKSHATAM LASE HASE PADE NIRTE GIRTE KAME

Requests are made to all the Empowering Deities to bestow the empowerment.

Through this request the Empowering Deities confer the empowerment.

OM AH I RI U LI PANCHA DHATU VISHO DHANI SOHA

The head becomes adorned with Akshobya.

Make offerings from OM VAJRA GANDAM PRATITSA NAMA through to OM VAJRA KAME PRATITSA NAMA

*Praise:*

To Vajra Yamantaka the Fearsome One, The Hero who tames those difficult to subdue, The Kalachakra adorned with skulls, The Conqueror of the three realms, I prostrate. The leader of various vajra holders, The chief of all powerful wrath, The end-of-universe cloud-like Heruka, I prostrate to Vajravega.

*[Meditate on the seed syllable at the heart surrounded by the mantra rosary and recite as many times as possible]*

OM AH HUM HO HAM KSHA VAJRAVEGA HUM HUM PHAT

OM HUM KRODHENDRO HAM KRODHA NAM AJNYA DAYAKA SOHA

*[Requesting the performance of all the wrathful actions]*

OM AH RA RA RA RA LA LA LA LA VAJRA AHBI SHAYA HUM

*[Requesting the descent of Wisdom]*

*[Dedicate at the end of the session].*
